

# ELK POINT

WEDDINGS • PARTIES • RECEPTIONS • CATERING • PHOTOGRAPHY • VIDEOGRAPHY

## EVENTS NEWSLETTER

Because the Estate at Elk Point is located just minutes (literally, minutes) outside of Coeur d'Alene getting to and from the venue can be an important consideration.

### The Limo

It is probably the most common mode of transportation we see for wedding parties. It seems they never go out of style.

### The Town Car

The town car has really grown in popularity. It is smaller and more intimate than a limousine.

### Shuttle Bus

For your guests, it may be easier to utilize a Shuttle Bus to transport between the hotel and the venue. When using the shuttle bus it is imperative that you keep the venue and shuttle schedules coordinated so that guests do not get stranded.

### Taxi/Uber

Both taxi service and Uber are available in Coeur d'Alene and can easily access the venue during normal hours of operation. If in a pinch you need to call a taxi, our staff is happy to help.

### General Parking

If you choose to drive yourself up, we have plenty of parking. During normal seasonal operation we can accommodate approximately 100 vehicles. During winter months it can get a little tricky. We always recommend carpooling if applicable.

No matter what mode of transportation you choose, timelines are of the essence. Remember, the venue is private and will open once the rental duration begins. While guests may leave their vehicles overnight, we do not allow people to stay overnight. If you have questions about transportation please feel free to ask.
